Volume 32 1986

No. 1 1–92 published August 1986
No. 2 93–184 published October 1986
No. 3 185–274 published November 1986

Allsop, J., Watts, R.W.E.: Purine phosphoribosyltransferase (EC 2.4.2.7 and 2.4.2.8) and purine de novo synthesis activity in rat testicular tissue at different stages of development, and their correlation with the circulating levels of gonadotrophins and testosterone, and with structural changes 144
